In re Application of: HONDA, et al.
Application No. 10/663,480
Filed: September 15, 2003
For: VIRTUALIZATION CONTROLLER AND
DATA TRANSFER CONTROL METHOD

DECISION ON PETITION
TO MAKE SPECIAL
(ACCELERATED EXAMINATION)
UNDER M.P.E.P. §708.02 (VIII)

This is a response to the renewed petition filed 11 April 2005, under 37 C.F.R. §1.102(d) and M.P.E.P. §708.02 (VIII): Accelerated Examination, to make the above-identified application special.

The renewed petition was filed in response to a dismissal of the original petition filed 17 November 2004. The petition was dismissed for failure to provide a detailed discussion of the references, which discussion points out with the particularity required by 37 CFR 1.111(b) and (c), how the claimed subject matter is patentable over the references.

Applicants' submission filed 11 April 2005 corrects the deficiency noted in the original decision. The combined submissions meet all the criteria set out above. Accordingly, the petition is **GRANTED**.

The application file is being forwarded to the Examiner of Record for accelerated examination according to the procedures set forth in MPEP § 708.02, Section VIII.
